

West Virginia University Intercollegiate Athletics

Policy: Fred Schaus Captains Award
Date:
Responsibility: Sports Information Director, Athletic Council

Following each academic year, a male and female student-athlete are recognized as winners of the Fred Schaus Captain's Award, presented annually to West Virginia University's most outstanding varsity team captains. The winner must display outstanding sportsmanship and leadership, representing WVU well in all aspects.

The award was started to honor the retirement of Fred Schaus, who had outstanding success as a Mountaineer basketball player, coach and athletic director.

The head coach from each sport nominates a student-athlete to the Athletic Council. The winners are announced each May.
